

SimpleFrame Platform & API — Terms of Use

Effective Date: 10/19/2025

Copyright © 2025 Christopher Samples. All Rights Reserved.

This version supersedes prior versions.

1 • Overview

These Terms of Use (“Terms”) govern all access to and use of the **SimpleFrame Platform**, including its APIs, interfaces, tools, dashboards, and any hosted services (collectively, “Services”). By accessing or using the Services, you agree to be bound by these Terms and to comply with all applicable laws.

If you do not agree, you must not access or use the Services.

2 • Ownership and License

The Services and all associated intellectual property—including software, documentation, symbolic operators, data structures, and design architecture—are proprietary to **Christopher Samples** (“Owner”).

All rights, title, and interest are fully reserved.

You are granted a **limited, revocable, non-exclusive, non-transferable right** to access and use the Services solely in accordance with these Terms.

This right does **not** constitute a sale, lease, or transfer of any ownership interest.

3 • Permitted Use

You may use the Services for:

- personal or academic research,
- private testing or demonstration,
- non-commercial evaluation.

All use must comply with these restrictions:

- No redistribution, resale, or sublicensing of access credentials.
- No integration of the Services into commercial or revenue-generating systems.
- No embedding or wrapping of the Services in public-facing applications.
- No attempts to reverse-engineer, extract, or replicate any part of the underlying codebase or symbolic logic.

4 • Prohibited Activities

Without explicit written authorization, you may **not**:

1. Use API responses, logs, or reasoning traces to **train, fine-tune, or derive datasets** for any other model or AI system.
2. Use the Services to **collect or harvest data**, metadata, or telemetry about other users.
3. Employ the Services for **military, weapons, or surveillance** purposes.
4. Use the Services for or on behalf of any **governmental or regulatory body** to automate or influence decision-making.
5. Attempt to **bypass authentication, license verification, or rate limits**.
6. Use automated scripts or agents to overload, probe, or stress-test the platform.
7. Remove or obscure any copyright, trademark, or license notices.
8. Represent your work as endorsed by or affiliated with SimpleFrame without written consent.

Violation of these restrictions may result in immediate termination and permanent suspension.

No illegal activity, malware, harassment, or abusive behavior. We may suspend or terminate accounts that violate these rules.

5 • Eligibility & Age

The Services are not for children under 13 (or the minimum age in your jurisdiction). You must be legally able to enter into a contract to use the Services.

6 • Payments & MML Utility Token

You may pay for access credits using (i) USD (fiat), (ii) the platform's utility token **MML**, or (iii) a fiat → MML on-ramp provided by third parties. Prices for Services are pegged to **USDC** (or equivalent USD) and the platform computes the MML amount at checkout. Third-party processors (e.g., exchanges, on-ramps) may require **KYC/AML** and apply their own terms/fees; you are responsible for those steps and for any taxes. **MML is a utility/payment token only**—it confers **no ownership, voting, revenue share, dividends, or profit rights**, and we make **no promises about token price** or market liquidity. Using MML involves market risk which you accept.

Credits, Refunds, and Chargebacks

Credits are added to your account after successful payment. We may reverse credits for fraud, abuse, or unresolved chargebacks. Refunds are discretionary and generally limited to **unused, recently purchased credits**; contact support for assistance.

7 • Accounts and Access Control

- You must provide accurate information when creating an account.
- You are responsible for all activity under your credentials.
- Do not share API keys or credentials with any third party.
- The Owner may revoke or suspend access at any time for security, compliance, or misuse.

8 • Data Handling and Privacy

The Services are designed to minimize data retention.

By using the Services, you acknowledge:

- Transient operational data (requests, responses, telemetry) may be logged for debugging and rate enforcement.
- No persistent storage of user-provided content occurs beyond operational necessity unless explicitly stated.
- No data is sold, transferred, or harvested for marketing, analytics, or external profiling.
- You are responsible for ensuring that no personal or confidential data is submitted to the API beyond what is necessary for research use.

A separate **Privacy Notice** will describe any additional data practices, if implemented.

9 • Attribution

All public demonstrations, research papers, or derivative works based on outputs from the Services must include this attribution:

“Powered by SimpleFrame® Reasoning Core — used under research license.”

10 • Service Modifications

The Owner reserves the right to modify, suspend, or discontinue any part of the Services at any time, with or without notice, for maintenance, security, or business reasons.

11 • No Warranties

THE SERVICES ARE PROVIDED “AS IS.”

NO WARRANTIES, EXPRESS OR IMPLIED, ARE MADE REGARDING THEIR AVAILABILITY, ACCURACY, FITNESS FOR A PARTICULAR PURPOSE, OR NON-INFRINGEMENT.

YOU ASSUME ALL RISK ASSOCIATED WITH YOUR USE OF THE SERVICES.

12 • Limitation of Liability

TO THE MAXIMUM EXTENT PERMITTED BY LAW, THE OWNER SHALL NOT BE LIABLE FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, OR CONSEQUENTIAL DAMAGES ARISING OUT OF OR RELATED TO USE OF THE SERVICES, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

13 • Termination

Violation of these Terms or of any applicable license immediately terminates your right to access the Services.

The Owner may suspend or disable your account without notice for conduct deemed harmful, unethical, or in violation of law.

Upon termination, you must cease use of the Services and destroy any data, keys, or materials obtained through them.

14 • Governing Law and Venue

These Terms shall be governed by and construed in accordance with the laws of the United States of America and of the State designated by the Owner at the time of enforcement.

You consent to the exclusive jurisdiction of the courts within that State for any dispute.

15 • Changes to Terms

The Owner may update these Terms periodically.

The revised Terms will take effect upon posting. Continued use of the Services after an update constitutes acceptance of the revised Terms.
